PROFILE

I am currently a Senior at Cleveland State University in the school of Theatre and Dance getting a degree in Technical Theatre. I am currently anticipating earning my degree in the Spring of 2025. My work in Theatre began in Stage Crew at St Josph Academy in Cleveland, Ohio. At Cleveland State I have been involved in many productions with the goal of working full time in the industry after graduation. I've done a little bit of various things backstage including set construction, lighting, wardrobe, assistant stage managing, and scenic painting.
